

② Negatively skewed

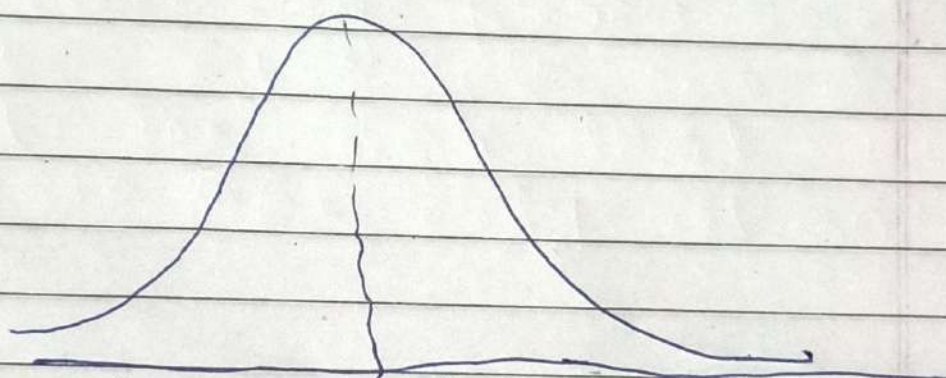

Mean Median Mode
Modes Median > Mean

Covid-19

At the beginning the cases
very few in number but
eventually got spread.

③ Symmetrical

Mean = Median = Mode

Mean = Median = Mode.

E.g. Blood Pressure, weight, height
Most people will have the
normal blood pressure 120/80
& some may have extreme low
or extreme high due to
advertisers in their B.P.
